## HALL OF WATER TECHNOLOGIES

The second edition of the Hall of Water Technology in the Region of Murcia is part of the 2<sup>nd</sup> Mediterranean Water Forum, an event with international projection that this year will take place in Murcia on November, 25<sup>th</sup>, 26<sup>th</sup> and 27<sup>th</sup> at the Victor Villegas auditorium in Murcia.

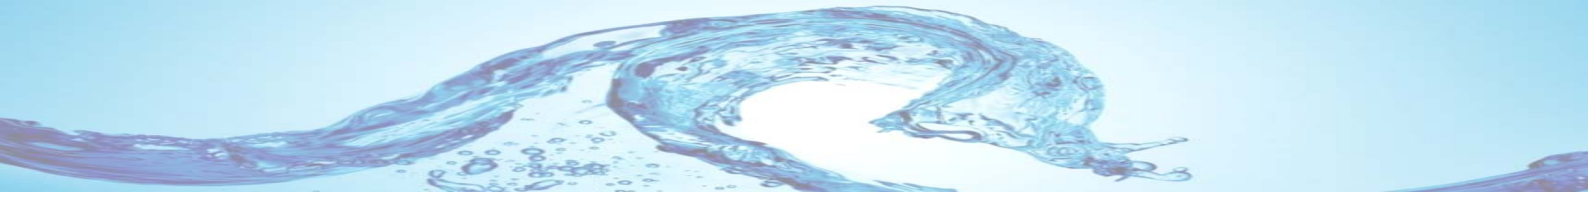

This Fair is a meeting opportunity for manufacturers, distributors and importers-exporters of equipment and appliances, engineering and water management companies, researchers, technologists and innovators, as well as public services and administration contractors. It will be the first step to cooperate in future business and R & D + I.

### **A unique opportunity to bring together experts in the water technology sector.**

Simultaneously, the **2<sup>nd</sup> Mediterranean Water Forum** will take place, a great meeting of the Mediterranean Water Community, involving institutions and companies in different countries, to publicize their skills and experience on water resources.

This water event will offer:

- A business expo to give an overview of innovations, products, services, technologies and solutions.
- A brokerage event to establish new contacts and business opportunities.
- 2<sup>nd</sup> Mediterranean Water Forum which will bring together all actors related to the sector at regional, national and international level.
